When we help your loved ones maintain their Independence, we help you maintain yours with peace of mind.

Remaining Home Senior Care provides non-medical support that enables seniors to live Independently in the Privacy and Comfort of their home.

Our CareGivers also provide the companionship of a new friend, helping to reduce the feelings of isolation and loneliness felt by many seniors.

When a nursing home isn't the answer.....let us help.

Our Mission is to provide Compassionate care that preserves client Dignity while helping to achieve the highest level of Independence.

Our CareGivers are highly qualified and carefully selected after completing a thorough Background Investigation and Drug Screening. Once hired, our CareGivers are bonded, insured and participate in an ongoing training program that focuses on topics such as Safety, Eldercare, Alzheimer's, and many more.

Together we create an individualized program of care through consultations with the client, family, and physician. Our services are customized to your needs to ensure you receive only the care you need.

Our services can be arranged for as little as a few hours or as many as 24 hours per day. Both short term and long term care is available 365 days a year.
